SUBJECT: [REDACTED] Studies on Pakistan National Awami Party
and on The Communist Threat to Iraq

1. Attached herewith are copies of subject studies, for transmittal to State/BI. It should be pointed out to that office that these are working papers, written for our internal use, but that in view of the biographic information therein, it was believed State/BI would find them useful. No further dissemination of either paper should be made.

2. An additional copy of the brief on The Communist Threat to Iraq is included, for Mr. Hopkins' transmittal to Mr. Bernard Morris. This brief is considered by us a working draft, again for Agency internal use. We would, however, very much appreciate Mr. Morris's comments on it.
